

2015 Science Seminars

Science teacher leaders/coaches, curriculum coordinators and teachers of science (Elementary, Middle Level and High School) are encouraged to attend Regional Science Seminars in March from 1:00-4:00 PM at five Vermont locations. During these sessions, members of the Science Professional Learning Team will walk participants through K-5, 6-8 and 9-12 instructional tools developed and piloted by Vermont teachers. These tools provide another step toward NGSS implementation in Vermont classrooms. Additional resources will be shared at the Vermont Science Teachers' Association (VSTA) Conference on May 1 in Burlington. For further information for the May 1 Conference go to this site: <http://goo.gl/hZ2ih9>.

To register for science seminar go to this site: <http://goo.gl/ibyOHY>.

Science seminars locations:

- March 19 - Middlebury College, Middlebury
